Jane –

Now that I have a copy of the March 9, 2015 letter that EPA sent to Jonathan Bishop, Chief Deputy Director, California State Water Resources Control Board and Steven Bohlen, State Oil and Gas Supervisor, Division of Oil, Gas Geothermal Resources, California Department of Conservation regarding California's Class II Underground Injection Control program, I have modified my draft letters to Sen. Pavley and Sen. Wieckowski.

If these draft letters are fine, perhaps Linda Moore can print them out on EPA blue letterhead for your signature. Linda can also print out copies of the PDF letters sent to Mr. Bishop and

Subject: Draft Response Letters to Sen. Pavley and Sen. Wiecekowski on UIC Hearing Invitation

Importance: High

Jane –

Per our earlier discussion, I have put together two draft letters to Senators Pavley and Wiecekowski regarding their invite to Jared to participate in tomorrow's hearing on the UIC program which we can add as an attachment the outgoing letter. **I am not sure of the recipient of that letter and when it is expected to be sent out so have left that as a placeholder to fill in.** Please let me know if you have any comments or suggested revisions to these draft letters. The letters make reference to their respective Committee staff who we had a follow up briefing with. Once these draft letters are finalized, perhaps Linda Moore can print out on EPA blue letterhead for your signature, or if needed, I can print out and bring down to you.

I am also attaching the incoming invitation letter for your reference.
